- Teamwork and Adaptability
- Problem Solving
- Data Analysis
- Proficient in Python

PROFILE

I am a rising freshman at the University of South Carolina, enrolled in the major of Computer Science. Studying at USC, I strive to become the next generation game designer. Through my extensive studies I have learned understanding of Python, Java, and Gamemaker Studio coding. I work diligently and effectively on any work given to me, for it is my foreseen future to express myself and my artistic works designing video games.

WORK EXPERIENCE

CASHIER
Foodlion
Longs, SC
